

## **Raimondi Horticultural Group, Inc. in Ho-Ho-Kus is First Business in New Jersey To Earn “Green” Certification**

Ho-Ho-Kus, NJ (March 16, 2010) – Raimondi Horticultural Group, Inc. has been named the first business in New Jersey to attain certification by the Green Earth – Green Plants® program. The certification recognizes environmentally-responsible practices and a pledge to operate in an ecologically-friendly manner. A rigorous assessment rated the Raimondi Horticultural Group’s indoor and outdoor facilities, vehicle usage, recycling program, horticultural practices, staff education and commitment to giving back to the community.

“Raimondi Horticultural Group has proven that it is committed to operating in an environmentally responsible way,” says Kathy Fediw, LEED AP, CLP, CLT, founder of the certification program.

The Green Earth – Green Plants certification underscores The Raimondi Group’s long-standing commitment to embracing the latest advancements in “green” technologies. For more than 35 years, the company has been committed to providing clients with sustainable, cost-effective interior and exterior landscaping, as well plant rentals, expert maintenance, corporate gifts and custom holiday decorating.

Raimondi Horticultural Group is actively involved in Green Plants for Green Buildings; US Green Building Council-NJ; PLANET, the Professional Landcare Network; and the New Jersey Landscape Contractors Association.

Locally based for more than 35 years, The Raimondi Group features three distinctive divisions: Raimondi Horticultural Group, a full-service horticultural firm providing expert commercial interior landscape services, exterior landscape development, plant rentals and holiday decorating services; LFS Productions, a special event design firm; and The Little Flower Shoppe, a full service retail florist.
